Concert in The Park

The summer band concert season opened on a high note as the first evening was absolutely perfect. A large audience gathered at Shipyard Park in cars, on benches and on the grass. As sailboats tacked in the harbor, Director John Pandolfi and his musicians played a mixed program of band numbers and show tunes. Everyone delighted in the fine evening and the equally fine performance from these musicians who help make the short summer so enjoyable. Performances are on Tuesday evenings starting at 8 P.M. at Shipyard Park, Mattapoisett, beside the town wharf.

Festival of Flags

Fairhaven will celebrate its third annual Festival of Flags Wednesday through Saturday of this week.

Each of the four days will be filled with parades, demonstrations, displays and ceremonies all relating to the flag, America and the military.

The committee hopes that every residence, business and public building will have flags on display during the festival.

Wednesday will be Army Day, Thursday, Navy Day; Friday, Air Force Day and Saturday, Marine Corps Day.

Events will take place at the Hastings Junior School throughout the four-day affair. A parade will be held Saturday morning at 10 A.M., starting at Fort Phoenix, down Green Street to Linden Avenue, across Adams Street to Junior High School.

Two favorites of past festivals, the Green Berets, and the Canine Corps, will return

Summer Theater at O.R.

PLAYS TO BE REPEATED

It was announced by Zavan Mazmanian that two plays would be presented again this summer after having been done very successfully during the school year at Old Rochester Regional High School. The two plays, The Zoo Story and The Bald Soprano were given performances of a professional calibre.

The Zoo Story is a play about alienation and the inability for one to communicate with another in this day and age. The Bald Soprano is concerned with the loss of identity, the boredom, and the triteness in every-

day activities. It is an attack against the "'universal petty-bourgeoisie....the personification of accepted ideas and slogans, the ubiquitous conformist'. What he (Ionesco) deplores is the leveling of individuality, the acceptance of slogans by the masses, of ready-made ideas, which increasingly turn our mass societies into collections of centrally directed automata." (Quote is from The Theatre of the Absurd by Martin Esslin.) Both plays will be given as a double bill

New Tenex Runner protects your carpeted stairway and floors without hiding their beauty

Imagine! A thick, lustrous, transparent carpet runner that stays in place even on stairways, without tacks or anchor strips or fastening of any kind!

New Tenex runner is made of heavy, transparent vinyl, has 144 little molded-in vinyl carpet grippers on every square foot. It won't get brittle, can't be torn or punctured in normal use, even by spike heels, or replaced free. You can use it on your finest carpets, pick it up as you please. Can be tacked down for permanent installation.

Buy Tenex carpet runner in your choice of crystal-clear or four soft, transparent colors: blue, goldenrod, green, or sand. 27-inches wide, in lengths to 60 feet. We also have a Tenex runner with smooth bottom surface to hug hard-surfaced floors. Measure for length, then call in your order or come in today!

**TENEX

Fair in Marion

The Fair committee of the Marion Methodist Church is busy making final preparations, under the direction of Mrs. LaVerne Wallace, chairman, for the third annual Serendipity Fair on Saturday, July 13th. The fair will begin at 10 A.M. on the grounds of the VFW Hall, Front St., Marion.

The booths will be well stocked with handmade gifts; the children's booth, under the direction of Mrs. Ernest Ross, will be especially appealing. There will be appliqued pillows and towel sets, sweater sets, accessories, toys, play aprons and clothing for boys and girls.

Mrs. John Stinson has charge of the apron booth, which will have nearly a hundred different aprons; cobbler, bib, top, barbecue, organdy, embroidered, and many for just plain work. A few chef's hats will be available, as well as quantities of pot holders.

The needlework booth, of which Mrs. Delano Griffith is in charge, will have many different types of handiwork for sale from embroidery to hand painted items. Mrs. Alden Mead has been collecting treasures for the white elephant table for many months and she will have an intriguing assortment of bargains to offer.

The popular quahog chowder luncheon will be a repeat attraction this year. For 99¢ you can get a delicious bowl of chowder, crackers, beverage and homemade pie. A special

feature at the Sidewalk Cafe this year will be strawberry shortcake, in addition to iced tea, coffee, homemade doughnuts, and coffee cake. At the hot dog wagon one can buy soda, hot dogs, hamburgers and cheeseburgers. The baked foods table will be laden with all kinds of cakes, breads, cookies, jams, baked beans, etc., and the candy table will not only have homemade candy, but also Kathryn Beich candy to raise money for the Sunday School Building Fund.

The feature attraction in the afternoon will be a program on antique dolls at 2:30 P.M. presented by Mrs. J. Newton Barrows, a well known doll collector and doll restorer from Marion. She will tell about the importance of dolls throughout history, from the Stone Age to World War I. An exhibit of representative types of dolls will be used along with slides to illustrate the different kinds of materials used for dolls and to show what gives certain ones more value. This will be a most informative and entertaining talk for all those who are interested in antique dolls, the collecting of which has become the third largest hobby in the United States.

Johnny Sisson, the children's entertainer, will present three of his puppet plays, one each at 11, 12 and 1 o'clock. There will also be games to play, and a whip ride and a horse and buggy ride. The "Pocket Lady" will be there with pockets full of surprises

ONE-OF-A-KIND PROGRAM TO BE SEEN ON JULY 11th

In a business given easily to superlatives,
a truly historic and unique program will be
seen on WTEV-6 Television on Thursday eve-
ning, July 11th, from 7:30 to 8:30 P.M.
Titled "John Manjiro - The Man Who Dis-
covered America", it will tell the story of a
poor Japanese fisherman named Manjiro who
was rescued from death in the Pacific Ocean
in 1839 by the captain and crew of a New
Bedford whaling ship. He was brought back
to America - the first recorded instance of a
Japanese ever reaching these shores - and
was warmly received and taught English and
navigation by the people of Fairhaven, Massa-
chusetts. Eventually, Manjiro returned home,
where he was elevated to the rank of Samurai,
and served as interpreter when Admiral Perry
led the expedition to open Japan to Western
trade several years later.

The Channel 6 program was beamed "live"
from Point Ashizuri in Japan (where a monu-
ment to Manjiro is being erected), Oahu Is-
land in Hawaii, and the Old Dartmouth Whal-
ing Museum in New Bedford, to an estimated
9 million Japanese viewers in November of
last year. At that time, an "off-the-air"
videotape was made for Channel 6, and later,

Shell Heating Oil can save you money in two important ways

New Shell Heating Oil has been refined by a special Shell patented Hydro-desulphurization process.

Billions of sulphur and nitrogen atoms are removed from the oil.

The results are clear; this new oil is bright and clean - a very stable heating oil for your burner. This super cleanliness and stability helps save you money.

New Shell Heating Oil also has a special additive that helps guard burner openings against heat robbing deposits.

The combination of a properly adjusted burner and Shell Heating Oil helps reduce both fuel bills and service calls.

New Shell Heating Oil is available now. Call us today for complete facts.

program. The excellent quality of the sound and picture of all portions of the program is a tribute to the skill of the Japanese technicians involved.

The local originations are hosted by WTEV-6 newsman Truman Taylor, and feature Mr. William H. Whitfield, grandson of the whaling ship captain who rescued Manjiro. Among others to be seen will be Miss Rita Steele, Fairhaven librarian, and Mr. Walter Silveira, town selectman. In addition to newsman Truman Taylor, WTEV-6 contributed the time and talent of about 20 of its personnel, as well as some equipment.

TRAVELING FOOD SALE

There will be a traveling food sale in Mattapoisett on July 13th, sponsored by the Starlites of Alcyone Chapter, O.E.S. Please call Mrs. Ernest B. Dorr at 758-2145 or Mrs. Winfield F. Jenney, 758-3706, if you would like them to call at your home.

Reception Planned

MEET THE AUTHOR

The Mattapoisett Historical Society invites you to a reception for Mr. and Mrs. George C. Avila, Sunday afternoon, July 14th, at 3 P.M. in the museum on Church Street.

Mr. Avila is the author of the new book, "The Pairpoint Glass Story". This book is the history of Pairpoint glass from the earliest days of the New Bedford Glass Works to the final days of Pairpoint in 1958. Copies of the book will be available and the author will autograph your copy.

There will be a display of a few of the more unusual pieces of Pairpoint glass. You are invited to bring in your glass for comparison or identification.

Refreshments will be served by Mrs. David Todd and her committee.

"First" Birthday Party

Mrs. A. Edith Barrows of Water Street, Mattapoisett was honored at a birthday party attended by her neighbors and friends on Monday, July 1st. About 40 people were present at the home of Mrs. Earle Masterson on Water Street who arranged the party for Mrs. Barrows. The party was the first that this lady has ever had.

RT. 6, MATTAPOISETT 758-2545

This man is weeding his lawn!

While he sleeps, the dandelions, chickweed, and 22 other kinds of weeds are on their way out. That's because he spread TURF BUILDER PLUS 2 on his lawn.

Plus 2 makes weeds curl up and disappear — roots and all. Full-fertilizes your lawn too. Makes it grow thicker and greener, filling in those places where the weeds *were*.

The time is right to use Plus 2. Takes only half an hour to spread it on the average size lawn. How about this weekend?

Scotts:

Weeds-Away-Sale

Turf Builder Plus 2

10,000 sq ft bag
~~12.95~~ 11.95

5,000 sq ft bag
~~6.95~~ 6.45

Save \$2 on Scotts new Automatic Spreader when you buy it with PLUS 2. Lightweight and easy to handle. Ruggedly built to last for years. Shuts off automatically when you stop walking. A wide 22 inch spread. Rust-resistant finish. Alone 14.95 — only 12.95 when bought with Plus 2.

The team will also play in the Acushnet All-Star tournament on July 26-28 and August 2-4, and in the New Bedford Tournament on the weekends of August 9-11, 16-18, and 23-25.

Congratulations are extended to the All-Star players who have worked very hard during the season to earn this honor. It is hoped that they will do well in the coming tournaments. Final results of the league will be announced next week.

TO THE MATTAPOISETT SUMMER RESIDENTS

The Mattapoisett Woman's Club extends a warm and cordial welcome to all summer residents.

It is the hope of the members that your stay in Mattapoisett is a pleasant one and and pledge their cooperation to this end.

This club is an active and community

TRIMMING SERVICE

Many of the evergreens and flowering shrubs benefit from an annual shearing or pruning in late June, July or August. Moderate trimming each summer makes for a bushy, compact plant.

Our men will be available for this service during the summer months. Phone or write for rates.

minded organization and welcomes any suggestions or help you can offer to make Mattapoisett a better place in which to live or visit.

Let us become better acquainted.

Sincerely,

Lois Fountain

(Mrs. Clarence) 758-2906.

Mattapoisett Yacht Club

YACHT CLUB RACES

The past week has been a very active one for the Mattapoisett Yacht Club, with three races in the senior division and one for the juniors.

The two senior holiday events on July 4th posted George Fisher in Cloud 9 as the winner in the solo Corinthian race and Andy Anderson skippering Boat in first place in the old man's race for Beetle Cats.

The Corinthians sailed a course from the race committee boat anchored off Ned's Point to Red Nun 8, to MYC guide buoy at Molly's Cove and finish at race committee boat.

Although the skies were overcast and the winds listless, the contest developed plenty

CHARLES W. MORGAN Dedication Day at Round Hill

This is one of a set of photographic masterpieces by Albert Cook Church, the foremost photographer of the ships and waterfront of New Bedford's colorful whaling era. This photograph, and others of the set, are available in 16" x 20" size in the mat ready to place in a frame. The Morgan, Platina, Andrew Hicks, Josephine, Greyhound and other ships are available in varied scenes. These enlargements from the original glass plates of A. C. Church are for sale to collectors, museums and interested individuals who enjoy a superb picture with a history. Every enlargement is a collector's item of value which will increase with time. Collection can be seen at the Presto Press office on 15 Mechanic Street, Mattapoissett on Thursday and Friday of any week .

of action, with the lead changing hands several times. Jerry Stratton, first over the line, continued in this position until rounding the first turning marker. Billy Mee then gained the lead for the second leg of the course, only to be overtaken by George Fisher at Molly's Cove MYC guide buoy. At the finish it was G. Fisher's Cloud 9, first; Billy Mee's Irish Eyes, second; and Jerry Stratton's Sophrosyne, third.

The old man's race for Beetle Cats sailed a course from the race committee boat anchored off Ned's Point to Red Nun 8 and back to the race committee boat, twice around.

C. Pieper got off to a good start with Andy Anderson second over the line. Midway of the course Andy Anderson was in the lead over Mr. Mee, who had moved up to second place. During the last half of the race, Andy Anderson built up a commanding lead, crossing the finishing line 21 minutes ahead of the second place winner, Mr. Mee, in Grem-lin. C. Pieper, skippering Blue Cloud, came

them, because of rounding the Nye's Ledge Black Bell 9A marker incorrectly, were disqualified from the race. Sue McGowan's Gryphon was consequently declared the winner.

In the first of two Corinthian races there were no protests. Art McLean in Demo led the 10-boat fleet to place first, followed by Fred Farnham in Diana. S. Ruel's Lulu came in third.

The second Corinthian race was quite a different story. J. Stratton (coming in second) and B. Mee (coming in fourth) were disqualified, thus moving F. Farnham's Diana up to first place, followed by A. McLean's Demo in second place, with N. Shackoy's Mox Nix third.

Again, in the first of the two Beetle Cat races, there were two disqualifications. H. Pentleton led at the first marker, but at the second marker was overtaken by J. Barnes, who then led the remainder of the course to the finishing line. Barnes, however, was disqualified, following the protest meeting, and the win went to Harvey Pentleton's Swamp Fox. A second protest, which disqualified fourth place L. Roy, also produced additional changes. The final line-up was H. Pentleton's Swamp Fox, first; M. Roy's Four King second; and C. Pieper's Blue Cloud, third.

In the second Beetle Cat race J. Barnes' Gay Lee Ann took an early lead, maintaining it throughout the course. As they rounded the

first marker, D. Briggs was second in line, followed by C. Pieper. However, Harvey Pentleton's Swamp Fox, fourth until rounding Barnard's Wharf MYC guide Buoy, came from behind to place second at the finish. M. Roy's Four Kings came in third.

The Juniors opened their racing season July 3rd with the first race in their Wednesday July series. Billy Mee in Irish Eyes was the winner in the Corinthian class. Michelle Roy piloted Four Kings to victory for the Beetle Cats.

Paul Ruel, skippering Lulu, was in the lead at the start of the Corinthian race, but on the first leg of the course was overtaken by Billy Mee who then maintained the lead to finish first. Bill Stratton in Sophrosyne placed second, with N. Klein's Iterate third.

In the Beetle Cat division M. Roy took the lead at the start and held it throughout the race. Kathy Pieper's Blue Cloud was second, and Danny Briggs' Eeyore placed third.

LETTER TO THE EDITOR

Please try to print this as it is our only opportunity to give our personal thanks to all the firemen who tried so hard to save our home.

My children are very happy today because someone took the time to find a small kitten when there was so much to be done.

Although it was too late to save our home, kind and generous people helped us in every way they could.

Deeply grateful
The Raymond Boyer family

board of directors to see that the association is fully integrated in policy and practice.

Mrs. Grace Young, director of USO Program, presented to the group Junior Volunteers who were recognized by the USO Council of New England for their contributions to the USO program. Mrs. Drinkwater presented USO Membership cards for 50 hours of service to Sandra Canastra, Mary Costa, Sheila Hartford, Kathleen Ponte, Barbara Roque and Linda Sarkes. Miniature gold USO pins for 100 hours of service were presented to Barbara Andrade, Laurie Blunsden, Anita Hamson, Natalie Jorge and Donna Whalon.

Mr. William H. Walen, III, donated and presented a plaque, to honor pool guards annually who give maximum hours of service, and also two trophies. A trophy will be presented annually. Honored at this first presentation were Miss Diane Schneider for service of 200 hours in 1967, and Miss Deborah Field for 121 hours in 1968. These two names were inscribed on the appropriate copper plates on the plaque. Mrs. An-

thony Nobrega, Jr., vice-chairman of the pool committee, accepted the plaque on behalf of the YWCA. Mrs. William Whalen, pool director, presented the trophies to the guards.

Pool guards are required to be a current American Red Cross Junior and Senior Life-Saver and as pool guards the volunteers help supervise plunges and acquire a further knowledge of water safety.

Pool guards also assist the American Red Cross Water Safety Instructor in the instruction of swimming skills, thus providing a valuable background suitable for counseling at water front activities and summer jobs.

Girls 12 years and over interested in this volunteer work are advised to contact Mrs. Beatrice Whalen, pool director, early in September when the YWCA Fall Swim Program will be started.

The program concluded the playing of the tape recording of the address, "Bridges of Communications," given by Mrs. Grace Louck Elliott at the Cycle Meeting in Bedford, New Hampshire, so that members present could hear the timely message dealing with present day issues of ages, races, and economic levels. Several staff and YWCA members attended the Conference last spring and heard the address. Mrs. Elliott is a former general secretary of the National YWCA Board, and co-author of the publication, "Openness".

The World Fellowship Committee, committed to raise money every year, for the World Fellowship Fund, sponsored the annual Strawberry Festival from 5 to 7 P.M., held previous to the meeting. Tables were decorated with

TOWN OF MATTAPOISETT, MASS. TOWN CLERK'S OFFICE ANNUAL TOWN MEETING

Held March 4 and April 1 and 2, 1968

ARTICLE 45. Voted UNANIMOUSLY to repeal Article 1, Section 2 of the By-Laws of the Town and to substitute therefore: Article 1, Section 2. Notice of every Town Meeting shall be given by posting attested copies of the Warrant calling the same: one in the Town Post Office and one in the Town Hall, at least seven days before the day appointed for the Meeting.

NARRAGANSETT

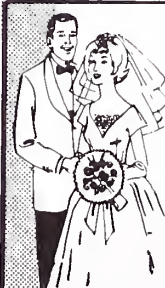

IT'S LAGER

corner"; that is, a corner that provides the best protection against radioactive fallout? It's the one with the highest outside ground level, the one with the least amount of basement wall extending above ground. Now, that's something you can easily determine for yourself according to State Civil Defense Director Allan R. Zenowitz.

But do you know how much protection against fallout the best corner provides? Of course not! Only a scientific evaluation could give you that information. And that's exactly what the Home Fallout Protection Survey is doing for Massachusetts householders living in one-, two-, and three-unit dwellings with basements -- evaluating the degree of protection in each home basement, and mailing this confidential information directly to the householder.

The state-wide survey is being taken at the request of Governor John A. Volpe. The Bureau of the Census, as agent for the Department of Defense, Office of Civil Defense, obtains a few simple facts about the construction of one-, two-, and three-family dwellings. With these facts, and using formulas developed by the Office of Civil Defense, a computer at the Census Bureau calculates the Protection Factor (PF) for each individual basement.

A PF represents the relation between the amount of fallout radiation which would be received by a completely unprotected person compared to the amount which would be received by a person who is protected by shelter, or in some manner is shielded

from radiation.

For example, a person in a basement corner which has PF-40 would receive about one-fortieth, or 2 1/2 percent, of the radiation he would otherwise get were he completely unprotected. The higher the PF the more protection the basement affords against radiation.

As a result of probability studies, PF-40 has been established by the Defense Department's Office of Civil Defense as the minimum level for public shelters. The familiar sign, yellow triangles on black, designates buildings where these shelters are located.

In addition to providing a PF for the best corner, the computer calculates the PF for the center of your basement. This, in effect, tells you the amount of protection normally found in your entire basement.

But what if the PF in your best corner is below 40? The computer calculates the amount of weight of material that you can add over each square foot above the best corner to bring its PF up to 40.

All of this information comes to you with a Civil Defense booklet suggesting relatively inexpensive measures you could take yourself to increase the radiation shielding in your basement. And if you want detailed plans for improving the shielding in your basement, just mail the postage-free card attached to the booklet.

You say you don't have a basement? Then fill in the questionnaire anyway and you'll receive a larger booklet with extensive information about fallout protection for you and your family.
